Outline of Mirvac Group Distribution Reinvestment Plan

The Mirvac Group Distribution Reinvestment Plan (“**Plan**”) provides eligible holders of Mirvac Group stapled securities (“**Stapled Securities**”) with a convenient method to reinvest some or all of their dividends and income distributions (“**Distributions**”) in additional Stapled Securities without incurring brokerage or other transaction costs.

This booklet contains information in relation to the Plan, including a copy of the rules of the Plan (“**Plan Rules**”). You should read this booklet and the Plan Rules carefully before deciding whether to participate in the Plan. Capitalised terms used but not defined in this booklet have the meaning given to those capitalised terms in the Plan Rules.

Any information provided by the Mirvac Group (“**Mirvac**”) in this booklet is of a general nature only and does not take into account your personal circumstances. As holders of Stapled Securities have different financial and taxation circumstances you should seek your own financial, legal or taxation advice before deciding to participate in the Plan.

If you decide not to participate in the Plan, you will continue to receive your Distributions in the form of cash.

KEY FEATURES

Reinvestment of Distributions

The Plan allows you to automatically reinvest some or all of your cash Distributions in additional Stapled Securities without incurring brokerage or other transaction costs.

Participation in the Plan

Participation in the Plan is entirely optional.

The Plan offers the following three levels of participation:

1) Full Participation

You can elect Full Participation on the DRP Election Form which means that all Stapled Securities which you hold will participate in the Plan for future Distributions where the Plan is in operation until you elect to cancel your participation in the Plan.

2) Partial Participation – certain number

You can elect Partial Participation on the DRP Election Form and elect a certain number of the Stapled Securities which you hold to participate in the Plan for future Distributions where the Plan is in operation. Distributions on that number of Stapled Securities only will be reinvested and those remaining Stapled Securities that you hold that are not participating will receive Distributions in the form of cash.

3) Partial Participation – certain percentage

You can elect Partial Participation on your DRP Election Form and elect a certain percentage of the Stapled Securities which you hold to participate in the Plan for future Distributions where the Plan is in operation. Distributions on that percentage of Stapled Securities only will be reinvested and those remaining Stapled Securities that you hold that are not participating will receive Distributions in the form of cash.

No additional cost to participate

You do not have to appoint a broker and you do not have to pay fees, brokerage or other administration costs to participate in the Plan.

Market Price of Stapled Securities

The Market Price of Stapled Securities allotted or otherwise transferred to participants under the Plan is determined by the arithmetic average of the daily volume weighted average market price of fully paid Stapled Securities traded on the Australian Securities Exchange (“**ASX**”) for the 15 Trading Days commencing on the second Trading Day after the Record Date (excluding Stapled Securities which are sold otherwise than in the ordinary course of trading on the ASX and any other sales that Mirvac determines should be excluded on the basis that they are not fairly reflective of genuine supply and demand), less any discount as determined by the Board (up to a maximum discount of 5 per cent).

Stapled Securities rank equally

Any Stapled Securities allotted or transferred to you under the Plan will rank equally with existing Stapled Securities.

Statements

If you participate in the Plan you will be sent a statement as at each Distribution Payment Date, giving details of your participation in the Plan.

Q Is participation in the Plan optional?

A Yes, the decision to participate in the Plan is entirely yours. If you do not want to participate in the Plan you do not need to take any action.

A You can choose to participate in the Plan either by:

- applying online at www.linkmarketservices.com.au; or
- completing a DRP Election Form and returning it to Link Market Services (“Link”) in accordance with the instructions on the form.

Applying online

You can go online and add or amend your DRP Election Form or instructions through Link’s investor centre site at www.linkmarketservices.com.au. You will be required to enter your securityholder reference number (“SRN”) or holder identification number (“HIN”) and postcode. As an additional security measure you will also be asked to create a user identity and password if you have not previously used Link’s investor centre site.

Partial Participation

If you select one of the Partial Participation options under the Plan you must nominate in the DRP Election Form either the number of Stapled Securities or the percentage of Stapled Securities you would like to participate in the Plan.

Q Who is eligible to participate in the Plan?

A The Plan is only available to holders of Stapled Securities who are residents of, or have a registered address in, Australia and New Zealand. Securityholders who are residents of other jurisdictions or have registered addresses in other jurisdictions cannot participate in the Plan as it is not practical to obtain the necessary approvals to offer the Plan in other jurisdictions.

Q Do I have a choice as to the level of my participation in the Plan?

A Yes. You have three options with respect to the level of participation in the Plan.

1) Full Participation

You can elect Full Participation on the DRP Election Form which means that all Stapled Securities which you hold on the Record Date for an applicable Distribution will participate in the Plan for future Distributions where the Plan is in operation.

2) Partial Participation – certain number of Stapled Securities

You can elect Partial Participation on the DRP Election Form and elect a certain number of the Stapled Securities which you hold on the Record Date for an applicable Distribution to participate in the Plan for future Distributions where the Plan is in operation. Distributions on that number of Stapled Securities you nominate will be reinvested and those remaining Stapled Securities that you hold that are not participating in the Plan will receive Distributions in the form of cash.

3) Partial Participation – certain percentage of Stapled Securities

You can elect Partial Participation on your DRP Election Form and elect a certain percentage of the Stapled Securities which you hold on the Record Date for an applicable Distribution to participate in the Plan for future Distributions where the Plan is in operation. Distributions on that percentage of Stapled Securities you nominate will be reinvested and those remaining Stapled Securities that you hold that are not participating in the Plan will receive Distributions in the form of cash.

Q Am I able to make changes to my participation?

A You can amend or terminate your participation in the Plan either:

- online at www.linkmarketservices.com.au; or
- completing a DRP Election Form and returning it to Link in accordance with the instructions on the form.

These instructions will take effect from the next Distribution Payment Date where the Plan is in operation, provided they are received by the Record Date for that particular Distribution.

Q How do I keep track of my participation?

A You will be issued with a statement as at each Distribution Payment Date showing:

- The number of Stapled Securities you hold on the Record Date.
- The number of your Stapled Securities participating in the Plan.
- The number and effective price of the Stapled Securities issued under the Plan.
- Any cash balance carried forward to the next Distribution.
- The number of Stapled Securities you hold after the Distribution has been paid.

This statement will be issued as near as practicable to the end of August and February each year. An annual taxation statement which provides the taxable components of Distributions paid for a financial year end will be provided in late August each year.

Frequently asked questions

Q Do new Stapled Securities allotted under the Plan or as otherwise acquired by you automatically participate?

A If you have elected Full Participation, then new Stapled Securities allotted or transferred to you under the Plan or as otherwise acquired by you will automatically participate.

If you have elected Partial Participation and specified a certain number of Stapled Securities that are to participate, any new Stapled Securities allotted or transferred to you under the Plan or as otherwise acquired by you will not participate.

If you have elected Partial Participation and specified a certain percentage of your holding of Stapled Securities to participate, that percentage of any new Stapled Securities allotted or issued to you under the Plan or as otherwise acquired by you will automatically participate. In this way, the percentage level of your participation will remain unchanged at your desired level.

Q What happens if I am participating in the Plan and sell some or all of my Stapled Securities?

A Where you have elected Full Participation and then dispose of some of your Stapled Securities, Distributions on all of your remaining Participating Stapled Securities will continue to be reinvested under the Plan for each Distribution where the Plan is in operation.

Where you have elected Partial Participation and you dispose of some of your Stapled Securities, then unless you have given sufficient notice beforehand, the Stapled Securities disposed of will be treated to the extent possible as coming from your Stapled Securities that do not participate in the Plan and the balance, if any, will be treated as coming from your Stapled Securities that do participate.

If you have ceased to hold any Stapled Securities by the time of a Distribution Record Date, you are deemed to have terminated your participation in the Plan at that Record Date.

Q At what price will Stapled Securities be issued or transferred to me under the Plan?

A The Market Price of Stapled Securities allotted or otherwise transferred to participants under the Plan is determined by the arithmetic average of the daily volume weighted average market price of fully paid Stapled Securities traded on the ASX for the 15 Trading Days commencing on the second Trading Day after the Record Date (excluding Stapled Securities which are sold otherwise than in the ordinary course of trading on the ASX and any other sales that Mirvac determines should be excluded on the basis that they are not fairly reflective of genuine supply and demand), less any discount as determined by the Board (up to a maximum discount of 5 per cent).

Q What do I do if I have more than one security holding?

A You will need to lodge separate elections for each security holding registered under different names or each security holding bearing a different SRN or HIN.

Q What are the costs to me associated with participating in the Plan?

A There is no brokerage or other transaction costs payable on Stapled Securities issued under the Plan. Under present law no stamp or other duties are payable.

Q How will Stapled Securities be delivered to me under the Plan?

A Mirvac has the discretion to either cause Stapled Securities to be allotted or transferred to Participants under the Plan.

Application will be made for ASX quotation of any Stapled Securities allotted to you under the Plan in accordance with the ASX Listing Rules.

Q What are the taxation consequences for me if I participate in the Plan?

A If you participate in the Plan you will be liable to include those Distributions reinvested under the Plan in your taxable income on the same basis as if those Distributions had been received in cash.

The Mirvac Group does not take responsibility for the taxation liabilities of security holders and recommends you obtain professional taxation advice.

Q Can the Plan Rules be amended or varied?

A Mirvac may at any time with immediate effect by announcement to the ASX amend the Plan Rules to comply with the Constitutions, the ASX Listing Rules or any law or to make minor amendments to the Plan Rules that are of an administrative or procedural nature.

Mirvac may otherwise amend the Plan Rules at any time by announcement to the ASX at least five (5) Business Days prior to the variation taking effect.

The Plan Rules may be varied more than once.

Q Can the Plan be suspended or terminated?

A Mirvac may suspend or terminate the operation of the Plan in its entirety at any time by announcement to the ASX.

Mirvac may also suspend the operation of the Plan for a particular Distribution by making an announcement to the ASX to that effect at least seven (7) Business Days prior to the Record Date for that Distribution. In these circumstances the Plan will be taken to be reinstated immediately following the Distribution Payment Date of that Distribution without Mirvac needing to make any further announcement to the ASX.

The Plan may be suspended or reinstated more than once.

If Partial Participation is specified, the Participant must specify the number or percentage of the Stapled Securities they hold that are to be Participating Stapled Securities.

5.2) Full Participation

- Under Full Participation, all Stapled Securities held by a Participant will be treated as Participating Stapled Securities.
- If Full Participation is elected, all additional Stapled Securities issued or transferred to the Participant under the Plan or as otherwise acquired by the Participant will be treated as Participating Stapled Securities.

5.3) Deemed Full Participation

A Participant who makes an election indicating a number of Participating Stapled Securities in excess of the number of Stapled Securities then held by that Participant will be deemed to have elected Full Participation and the number of Participating Stapled Securities the subject to the Plan will be deemed to be the number of Stapled Securities held by that Securityholder.

- If a Participant elects for a certain number of the Stapled Securities that they hold to be Participating Securities then any additional Stapled Securities allotted or transferred under the Plan or as otherwise acquired by you will be treated as Non-Participating Stapled Securities so that the number of Participating Stapled Securities remains unchanged.
- If a Participant elects for a certain percentage of the Stapled Securities to be Participating Stapled Securities under the Plan, then the same percentage of any additional Stapled Securities allotted or transferred to that Participant under the Plan or as otherwise acquired by you will be treated as Participating Stapled Securities so that the percentage level of the Participant's participation under the Plan remains unchanged.

Excluded Stapled Securities will not participate in the Plan.

5.6) Effect of sale or transfer of Stapled Securities

- Where a Participant has elected Full Participation and sells or otherwise transfers some but not all of their Stapled Securities, Distributions on all of their remaining Participating Stapled Securities will continue to be reinvested for each Distribution where the Plan is in operation.
- Where a Participant holds Participating and Non-Participating Stapled Securities and sells or otherwise transfers a part of their holding of Stapled Securities:
 - Stapled Securities disposed of will be taken to be first, Non-Participating Stapled Securities, and second Participating Stapled Securities; and

 - the Stapled Securities sold or transferred will be taken to comprise all of the Participant's Non-Participating Stapled Securities and that number of Participating Stapled Securities necessary to make up the parcel of Stapled Securities sold or transferred;
 - the Participant will be deemed to be a Participant who has elected Full Participation in respect of the remaining Participating Stapled Securities held; and
 - any additional Stapled Securities allotted or transferred under the Plan will be treated as Participating Stapled Securities.

5.7) Cessation of Participation of Stapled Securities upon Sale or Transfer

Stapled Securities which are sold by a Participant or otherwise transferred to a new owner will, in accordance with rule 9.3, cease to participate in the Plan on registration of the sale or transfer by the Security Registrar.

6) OPERATION OF THE PLAN

6.1) DRP Account

Mirvac will establish and maintain a separate account for record purposes only (referred to as a **DRP Account**) in respect of each Participant. For each Distribution payable to a Participant, Mirvac or the Security Registrar will:

- determine the amount of the Distribution payable in respect of the Participating Stapled Securities and credit that amount to the DRP Account;
- determine (where applicable and practicable) the Australian withholding tax in respect of that Distribution, and any other sum that Mirvac is entitled or required to retain in respect of the Participating Stapled Securities and debit that amount from the Participant's DRP Account;
- determine the maximum number of fully paid Stapled Securities to be allotted or transferred to the Participant in accordance with the calculation outlined in rule 6.4 utilising the whole balance of the DRP Account including any cash balance carried forward from previous Distribution payments;
- on behalf of the Participant subscribe, in terms of the deemed direction in rule 6.2 below, for the number of Stapled Securities as is determined in accordance with rule 6.1(c);
- allot or otherwise cause to be transferred to the Participant the number of Stapled Securities subscribed for under rule 6.1(d) and debit the Participant's DRP Account with the amount equal to the Market Price multiplied by the number of Stapled Securities allotted or transferred to the Participant in accordance with this rule 6.1(e); and
- retain in the Participant's DRP Account and carry forward, without interest, any cash balance remaining in the DRP Account, which is calculated in accordance with rule 6.7 and is to be added to the next Distribution unless participation in the Plan is terminated in accordance with rule 9.

6.2) Deemed Directions of Securityholders

A Securityholder who applies to participate in the Plan will, in making such application, be deemed to have directed Mirvac to apply such monies in the Participant's DRP Account as required for the subscription or transfer of the number of Stapled Securities determined in accordance with rule 6.4.

6.3) Discount

The Board may from time to time determine the percentage discount to the Market Price per Stapled Security up to a maximum of 5 per cent. Such discount percentage will be communicated by notification to the ASX.

6.4) Calculation of entitlements under Plan

In respect of Participating Stapled Securities, on each Distribution Payment Date, subject to rule 6.5, Mirvac will allot or otherwise cause to be transferred to each Participant that number of Stapled Securities determined by the application of the following formula:

$$\text{Number of Stapled Securities} = \frac{(\mathbf{S} \times \mathbf{D}) + \mathbf{C}}{\mathbf{P}}$$

Where:

- S** is the number of Participating Stapled Securities on the relevant Record Date;
- D** is the amount of the Distribution per Participating Stapled Security declared by the Board payable on the Distribution Payment Date, LESS any applicable Australian withholding tax in respect of that distribution, and any other sums that Mirvac is entitled or required to retain in respect of the Participating Stapled Securities. The resultant amount being expressed in terms of cents, with fractions of cents rounded to the nearest cent;
- C** is the residual cash balance carried forward in the Participant's DRP Account (if any); and
- P** is the Market Price.

6.5) Issue Price of Stapled Securities

The issue price of the Stapled Securities under the Plan will be equal to **P** in rule 6.4, which will be broken into two components as follows:

- the issue price of the ML Shares to be issued under the Plan will be determined by the board of Mirvac Limited as a component of the price of the Stapled Securities; and
- the application price of the MPT Units to be issued under the Plan will be determined by the board of Mirvac Funds Limited as responsible entity of Mirvac Property Trust as a component of the price of the Stapled Securities.

6.6) Stapled Securities

Notwithstanding any other provision of these Rules:

- dividends in relation to ML Shares may be applied to acquire additional Stapled Securities under the Plan;
- distributions in relation to MPT Units may be applied to acquire additional Stapled Securities under the Plan; and
- no ML Shares or MPT Units may be issued under the Plan unless the number of ML Shares and MPT Units issued to a Participant are identical and each ML Share is stapled to an MPT Unit.

6.7) Fractions of Stapled Securities

Where a fraction of a Stapled Security would result from the calculation of a Participant's entitlement under the formula in rule 6.4, the value of that fraction of a Stapled Security will be carried forward in the Participant's DRP Account, without interest, to be applied towards the calculation at the time of the next Distribution in accordance with rule 6.1(f). The amount carried forward will be detailed in the Distribution statement referred to in rule 8.1.

The value of the fraction of a Stapled Security will be calculated in accordance with the following formula:

F x P

Where:

F is the fraction of a Stapled Security resulting from the calculation in rule 6.4; and

P is the Market Price.

6.8) Agreement to be bound

Participants are at all times bound by these Rules, and a Participant who is allotted or transferred Stapled Securities in accordance with rule 6.1(e) has agreed to be bound by the Constitutions in relation to those Stapled Securities.

6.9) DRP Account Residual

a) In the event that:

- i) the Participant ceases to participate in the Plan as a result of the Participant disposing of all of their Stapled Securities;
- ii) the Participant gives notice of the termination of their participation in the Plan in accordance with rule 9.1 and then disposes of all their Stapled Securities before the next Record Date; or
- iii) Mirvac suspends or terminates the Plan in accordance with rule 10 and the Participant then disposes of all of their Stapled Securities before the next Record Date,

then the Securityholder is taken to have directed Mirvac to donate any remaining residual positive balance on behalf of the Securityholder to a charitable organisation or foundation at the Board's discretion. Securityholders will not be issued with a receipt in connection with such a donation.

- b) Where a Participant gives notice of termination of their participation in the Plan in accordance with rule 9.1 but remains a Securityholder, any residual positive DRP Account balance at that time will be added to the next Distribution payment and returned to the Participant in accordance with their Distribution Payment Instructions.
- c) If Mirvac suspends or terminates the Plan in accordance with rule 10 but the Participant remains a Securityholder, any residual positive DRP Account balance at that time will be added to the next Distribution payment and returned to the Participant in accordance with their Distribution Payment Instructions.

7) ALLOTMENTS OR TRANSFERS UNDER THE PLAN

7.1) Allotted Stapled Securities

Any Stapled Securities allotted under the Plan will:

- a) be quoted on the ASX in accordance with the ASX Listing Rules;
- b) rank equally in all respects with existing Participating and Non-Participating Stapled Securities; and
- c) be registered on the Security Register.

7.2) Transferred Stapled Securities

- a) The Board in its absolute discretion will determine, with respect to the operation of the Plan for any Distribution, whether to issue new Stapled Securities or to cause the purchase and transfer of existing Stapled Securities, or to apply a combination of both operations to satisfy Mirvac's obligations under these Rules.
- b) If the Board determines to cause the purchase and transfer of Stapled Securities to Participants, the Stapled Securities may be acquired as the Board consider appropriate. Mirvac, if it so chooses, may create a trust (of which Participants are the beneficiaries) to acquire the Stapled Securities and then transfer or sell such Stapled Securities to the Participants.

8) DISTRIBUTION STATEMENTS TO PARTICIPANTS

8.1) Information Contained

After each allotment and/or transfer of Stapled Securities under rule 6.1, each Participant will be provided with a Distribution statement in accordance with the Participant's communication election, as at each Distribution Payment Date which contains the following information:

- a) the total number of Stapled Securities as at the Record Date;
- b) the number of Participating Stapled Securities as at the Record Date;
- c) the aggregate amount of the Distribution(s) payable to the Participant in respect of the Participant's Participating Stapled Securities;
- d) the number of Stapled Securities allotted or transferred under the Plan on that Distribution Payment Date and the price at which those Stapled Securities were allotted or transferred;
- e) the residual cash balance carried forward in the DRP Account (if any) as calculated in rule 6.7; and
- f) the total number of Stapled Securities after that allotment or transfer.

An annual taxation statement which provides the taxable components of Distributions paid for a financial year end will be provided in late August each year.

9) VARIATION OR CANCELLATION OF PARTICIPATION

9.1) Notice

- a) A Participant may at any time give notice in writing to the Security Registrar to:
- vary the Participant's participation in the Plan; or
 - terminate the Participant's participation in the Plan;
- either:
- online at www.linkmarketservices.com.au; or
 - completing a DRP Election Form and returning it to the Security Registrar in accordance with the instructions on the form.
- b) Notices will be effective only on receipt by the Security Registrar, subject to:
- these Rules;
 - in the case of the DRP Election Form, acceptance by or on behalf of Mirvac;
 - subject to paragraph iv), to be effective in relation to any Distribution, the Security Registrar must have received the notice no later than 5.00pm Australian Eastern Time or Australian Eastern Daylight Saving Time (as applicable) on the Record Date for the applicable Distribution. Notices received after that time will be deemed to have been received on the day following and will be applicable for the next Distribution Payment Date; and
 - such other restrictions as Mirvac or the Security Registrar may from time to time impose.

9.2) Death of Participant

If a Participant dies, participation in the Plan by that Participant and any other Participants with whom the deceased was a joint Securityholder will be terminated upon receipt of notice by the Security Registrar of the death of the Participant but any such termination takes effect only with respect to the next occurring Record Date.

9.3) Deemed Termination

Where a Participant:

- disposes of all of their Stapled Securities; and
- does not give the Security Registrar notice of termination of participation in the Plan;
