

17 October 2024

Dear Neighbour,

RE: The Village, Menangle – Station St Pedestrian Bridge

We are writing to inform you about upcoming works near your property relating to the construction of the permanent pedestrian bridge over the Southern Highlands Railway Line. Early works to prepare the site for the installation of the permanent pedestrian bridge are now complete, with all other works to commence on Monday, 21 October 2024.

Activities will take place both on the eastern and western side of the existing Station Street Road bridge, and will involve:

- Piling
- Bridge pier construction
- Bridge drop in and assembly inclusive of abutments, deck and railings

The work will be carried out during Wollondilly Shire Council's standard building hours:

- 7am – 6pm, Monday to Friday
- 7am – 4pm, Saturday

During these works, you may notice some noise associated with the use of specialised equipment and a slight increase in construction vehicle traffic on and along Stevens Road, Station Street and Moreton Park Road. Please note, all works are being carried out in accordance with approvals from the relevant authorities.

Offsite procurement of various components of the pedestrian bridge is still underway to enable an efficient installation over the railway line at a later stage.

We appreciate your understanding and patience during these works. If you have any questions or require more information please feel free to contact our team at thevillagecommunity@mirvac.com or visit our website at <https://thevillagecommunity.mirvac.com/>.

Yours sincerely,
Menangle Project Team

The Village, Menangle
